CONFORMITY DECLARATION REACH REGULATION 1907/2006/EC

The undersigned Mr. Carlo Lazzari, CEO of EXO Automotive Spa with registered office in Via San Marco 11c, Padua – Italy, VAT no. 01296190281

DECLARES

with reference to the products called "MASTER CYLINDER OP (codes FBM)" and "WHEEL CYLINDER OP (codes FWC)" and its packaging

- that EXO Automotive Spa is defined as "manufacturer of articles" according to the Regulation 1907/2006/EC and subsequent amendments and supplements;
- that EXO Automotive Spa, as manufacturers of articles, uses in its production cycle for manufacturing the above mentioned articles exclusively raw materials, articles and possible substances or mixtures procured from suppliers that have complied with the terms of the Regulation REACH 1907/2006/EC and CLP 1272/2008/EC and subsequent amendments and supplements;
- that the articles do not intentionally release substances, and therefore are not subject to registration;
- that the articles comply with the restrictions of the Regulation REACH Annex XVII and subsequent amendments and supplements;
- that the articles do not contain substances specified in Annex XIV of the REACH Regulation;
- that the articles do not contain any of the substances listed by the European Chemicals Agency (ECHA) in the Candidate List of Substances of Very High Concern (SVHC) for Authorisation (according to the latest version in force). Should any additives or auxiliary substances used in the production process contain SVHC, they will anyway be present in a concentration lower than 0.1% weight by weight, according to the REACH Regulation.

It is certified that the above information are given in good faith, on the basis of the information currently available and according to our best knowledge.

We confirm you that we will take care of informing you automatically should the products we supply you contain substances included in the Candidate List being updated shortly or should the new products or product updates contain substances listed in the current Candidate List.

This declaration cancels and replaces every previous declaration, and is valid until a new declaration is released. A new declaration will be released in the case of update and modification of a norm applicable to the product.
